United States Senate

May 15, 2024

The Honorable Patty Murray
Chair
U.S. Senate Committee on Appropriations
Subcommittee on Energy
and Water Development

The Honorable John Kennedy
Ranking Member
U.S. Senate Committee on Appropriations
Subcommittee on Energy
and Water Development

Dear Chair Murray and Ranking Member Kennedy:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the fiscal year (FY) 2025 Energy and Water Development appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Brian Schatz
U.S. Senator

**Schatz, Brian(D-HI) Energy and Water Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Army Corps of Engineers (Civil Works)	This funding would support a Feasibility Study to identify potential management actions that would address coastal erosion, marine ecosystem degradation, and storm impacts to development along the Waikiki shoreline.	City and County of Honolulu HI	\$1,000
Army Corps of Engineers (Civil)	This funding would support further engineering work to reduce riverine flood risks in the Ala Wai Watershed.	City and County of Honolulu HI	\$2,000
City and County of Honolulu	This funding would support a feasibility study to identify modifications to the Honolulu Harbor channel.	City and County of Honolulu HI	\$1,400
Council for Native Hawaiian Advancement	The Community Energy Resiliency Project will demonstrate whole home energy solutions in low-income family homes while educating the community on renewable energy and financing options for low-income households.	City and County of Honolulu HI	\$1,573
Army Corps of Engineers (Civil Works)	This funding would support a Feasibility Phase Flood Risk Management Study to identify management actions that address stream bank erosion, reduced channel capacity, and flood risk to communities.	City and County of Honolulu HI	\$600
Army Corps of Engineers (Civil)	This funding would support a Feasibility Study to identify modifications to the levee structure that would strengthen it to withstand increasing risks from extreme weather.	County of Kauai HI	\$1,000
Army Corps of Engineers (Civil)	This funding would support a Feasibility Study to identify modifications to the levee or associated flood control features that would strengthen them to withstand the increasing risks from extreme weather.	County of Kauai HI	\$500
Hawaii County Department of Research and Development	The Waimea Hydroelectric Turbine project will replace the hydroelectric turbine at the Lalamilo Water Treatment Plant with a new turbine to produce 25kW of renewable on-site energy.	Hawaii County HI	\$753
Hawaii County	This funding will support operations and maintenance of the Laupahoehoe Harbor breakwater.	Hawaii County HI	\$30,000
University of Hawaii	This project will fund the construction of 1 of 5 arrays that will generate approximately 3.2 Million kWh of electricity per year for the University of Hawaii, Manoa campus.	Honolulu HI	\$2,344
Hawaii State Energy Office	This project would provide cross-cutting capacity to the Hawaii State Energy Office and University of Hawaii to solve Hawaii's most pressing energy issues.	Honolulu HI	\$3,500
Army Corps of Engineers (Civil Works)	This request would fund a new start Feasibility Study to evaluate sources of flooding and propose engineering and non-structural solutions to reduce flood damages in the Hanalei Bay drainage basin.	Kaua'i County HI	\$500
County of Maui Department of Water Supply	This request would fund engineering fees to design storage tank to increase Lahaina system's storage capacity meet water infrastructure needs for fire-fighting.	Maui County HI	\$2,000
County of Maui Department of Water Supply	This request would fund a new start a Section 219 environmental infrastructure project for engineering fees to replace 16,700 feet of small diameter, low-capacity water pipelines.	Maui County HI	\$2,000
