

RESTORING ELECTRIC POWER

Outages and Restoring Power

Hawaiian Electric has set up a [website](https://www.hawaiianelectric.com/our-response-to-the-windstorm) (<https://www.hawaiianelectric.com/our-response-to-the-windstorm>) to provide up-to-date information on their efforts to restore power after the fire. They warn that residents who have had their power restored may still have intermittent outages as the system is brought back online. They have requested Customers who experience an outage should report it to our 24/7 Maui trouble line at 808-871-7777.

Safety

Hawaiian Electric also cautions Maui residents to avoid downed power lines, and **stay at least 30 feet away**. They request that residents report downed powerlines to their 24/7 Maui Trouble Line – 808-871-7777.

Assistance

If you have immediate needs from the fire, [Maui Nui Strong](https://www.mauinuistrong.info/getsupport) (<https://www.mauinuistrong.info/getsupport>) maintains a webpage featuring voluntary and nonprofit organizations that may be able to support your needs.
