United States Senate

June 4, 2025

Chair John Boozman
Subcommittee on Military Construction,
Veterans Affairs, and Related Agencies
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

Ranking Member Jon Ossoff
Subcommittee on Military Construction,
Veterans Affairs, and Related Agencies
U.S. Senate Committee on Appropriations
Dirksen Senate Office Building
Washington, D.C. 20510

Dear Chair Boozman and Ranking Member Ossoff,

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2026 Military Construction, Veterans Affairs, and Related Agencies bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

BRIAN SCHATZ
U.S. Senator

Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Pohakuloa Training Area (PTA)	This project will help to remediate existing inadequate facilities at Branshaw Army Airfield that are encroaching into the 500-ft. clear zone for the Class A Runway.	Hawaii County HI	\$20,000
Joint Base Pearl Harbor-Hickam	Provides a drinking water treatment facility for removing potential contaminants at the Red Hill water supply shaft and ensure that treated water continues to meet all Federal and State drinking water standards.	Honolulu County HI	\$505,000
Army Garrison Hawaii	Construction of a Wildland Fire Station that would have dormitories, an admin building, training space, a firetruck building, and an all-terrain storage building. This facility would be able to house six firefighters and one chief.	Honolulu County HI	\$21,000
Hickam Air Force Base	These design funds would support a facility for multi-domain operations with the proper enhancements to facilitate collaboration in a space secure for classified work.	Honolulu County HI	\$5,000
Wheeler Army Airfield	This project will construct an Aircraft Rinse Facility, per Army Standard, at Wheeler AAF. The project is crucial for performing corrosion control in support of three active-duty aviation battalions operating rotary wing aircraft in the highly corrosive Pacific Theater environment.	Honolulu County HI	\$2,200
Army Garrison Hawaii	Construct a new facility to accommodate living spaces for 432 soldiers.	Honolulu County HI	\$18,000
Hickam Air Force Base	This project provides design funding to construct a C-17 Maintenance Hangar facility. If this facility is not provided, the current configuration of hangar maintenance will continue to be overutilized and impact the Wing's ability to meet current and future missions.	Honolulu County HI	\$4,200
Hickam Air Force Base	This project will repair and renovate one bay of Hangar 35 to support the maintenance hangar requirement for servicing C-17 and KC-135 aircrafts at Joint Base Pearl Harbor Hickam. Without the project, the current distressed facility will continue to impact the Wing's mission readiness.	Honolulu County HI	\$6,000
Army Garrison Hawaii	Construct a Mission Command Mobilization and Reception Center (MCMRC) to support the 25th Infantry Division (ID) and Headquarters US Army Hawaii (HUSARHAW) at Schofield Barracks on Oahu.	Honolulu County HI	\$16,000
Army Garrison Hawaii	Construct a standard design TEMF complex.	Honolulu County HI	\$9,000
Hickam Air Force Base	This project will provide Hickam Air Force Base with a deployment processing space.	Honolulu County HI	\$11,000
Marine Corps Base Hawaii	Construct an Entry Control Facility (ECF) and install measures at the Main Gate to improve physical security requirements. The full project includes a gatehouse, main entry canopy, guard booths, overwatch station, inspection canopy, and a Pass & ID office.	Kaneohe Bay HI	\$75,000
Marine Corps Base Hawaii	MCBH is a highly corrosive environment because it is surrounded by salt water and trade winds. The electrical power distribution system will not be able to meet the needs of its current and future users without this project.	Kaneohe Bay HI	\$94,250
